Honorable David M. Pack  
Attorney General of Tennessee  
Supreme Court Building  
Nashville, Tennessee

Dear General:

Allow me to intrude and commend a member of your staff, General Durham.

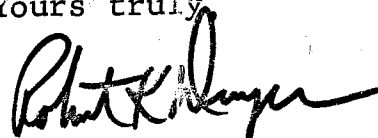

He wrote a vigorous and comprehensive reply to a stay order motion recently in the Denver D. Burlison v. State case, released September 10, 1971, at Nashville, certiorari denied February 22, 1972.

His reply was far removed from the position that had customarily been taken; that is, "if this court doesn't grant the stay, the Supreme Court will".

It is indeed encouraging that perhaps we are moving away from ex parte hearings in motions of this kind.

In conclusion, I find your young and new staff to be admirably assiduous.

Yours truly,

Robert K. Dwyer
